# Extensions (special terms for 2022-2023)

Students are required to practice between the Foundation Course and the Final Certificate Course.

Options are:

- taking in-studio or online Level 1 private classes with a licensed trainer, if possible a Master Trainer

- taking in-studio or online Level 1 group classes with a licensed trainer, if possible a Master Trainer

Apprentices are required to conduct all “teaching client classes” as in-studio and in-person session. The Supervised Apprentice Review Course is a in-studio, in-person course only.

## License Extension

Trademark licenses expire three years after foundation course attendance. If your trademark license is expired, please contact Sarah Rieder at [srieder@gyrotonic.com](mailto:srieder@gyrotonic.com) . Apprentices are eligible to purchase a 12 months (or longer if needed) license extension and should do so right away.

Successfully completing the Final Certificate Course allows for the trainer the purchase of a 2-years license after the 12 months / previous license expired.
